RELIGIOUS.

Preaching at Springfield Presbyterian church next Sunday afternoon at 2:30 o'clock.

Rev. Lloyd Darsie, of Buffalo, N. Y., has accepted the pastorate of the Paris Christian Church. He is half brother to Rev. Geo. Darsie, of Frankfort.

Preaching at the Southern Presbyterian church Sunday morning and evening by pastor. Prayer meeting this afternoon at 2 o'clock.

Rev. M. P. Hunt, one of the first Baptist preachers of the state, has resigned the pastorate of the 22nd, and Walnut street Baptist church, Louisville, to become pastor of the 1st Baptist church, of St. Joe, Mo.

Rev. A. F. Finley has accepted the pastorate of the Christian Church at West Point, Miss. He writes that it is a beautiful town. We regret to lose him from Ky., and wish him much success in his new home.

The members of the C. W. B. M. of Winchester, have forwarded to the school at Hazel Green under the auspices of that organization, a box of bed clothes etc., to take the place of those burned recently when the dormitory of that school was destroyed by fire.

"Now, boys," said a Sunday School teacher addressing the class composed of a half dozen bright boys at a certain popular church last Sunday morning, "who can tell me why St. Peter is always standing at the pearly gates?" Instantly one little fellow answered: "Maybe he's layin' for them guys who robbed him to pay Paul's"—Ex.

"Well, that's enough to try the patience of Job," exclaimed the village minister, as he threw aside the local paper.

"Why, what's the matter, dear?" asked his wife.

"Last Sunday I preached from the text, 'Be ye there steadfast,' answered the good man, 'but the printer makes it read, 'Be ye there for breakfast.'"

The attendance at the Christian Church on last Sunday was large (as usual). The pastor reminded the congregation of the fact that services began at 10:45 and not at 11 o'clock; that the introductory song is a part of the worship and not for the calling together of the people; that the doxology is a part of the worship, and not a notice to put on overcoats, overalls and wraps. He then preached a very fine sermon, setting forth some of the characteristics of the church that is to conquer the world for Christ.

It must be a church which—

(1). Uses no force to perpetuate its sect. It is a divine institution and not human.

(2). Looks to the Lord Jesus Christ as the author and finisher of the faith. Such teaching, ordinances and name as he enjoined, must be adopted.

(3). Is united. The speaker made an earnest plea against denominationalism.

(4). Is intelligent in the word—Knowing what the Lord teaches and what he would have us do.

(5). Is devoted to the ordinances and worship.

(6). Has a mighty concern for the salvation of souls.

MARRIAGES.

DUKE JONES.

Emmett Duke of Judy, and Mrs. Alice Jones, of Jacktown, Bourbon County, were married at Chattanooga last week.

ANNOUNCEMENT.

Guy H. Ratliff, son of Mr. Caleb Ratliff, of Bath county and grandson of J. W. Ratliff, of this city, will be married in Lexington on next Wednesday, January 31, to Miss Bettie Withers of near Sharpburg. We extend congratulations in advance.

STEVENSON-MCPHERSON.

On Sunday afternoon, Rev. Henry Miller, pastor of the Southern Presbyterian church, at his residence, solemnized the rights of marriage between S. Theodor Stevenson and Miss Lizzie McPherson, both of Winchester. They were accompanied by Edwin Ramsey and Miss Stella Conway, of the same place.

FORCIBLE FACTS.

One-sixth of the deaths from disease are due to consumption. Ninety-eight per cent of all those who have used Dr. Pierce's Golden Medical Discovery for "weak lungs," have been perfectly and permanently cured.

Coralline McCawley, of Leeburg, Armstrong Co., Pa., had in all eighty-one hemorrhages. He says: My doctor did all he could for me but could not stop the hemorrhages and all gave me up to die with consumption. What doctors could not do "Golden Medical Discovery" did. It stopped the hemorrhages and cured my case. This is one out of thousands. Investigate the facts.

Free, Dr. Pierce's great work. The People's Common sense Medical Adviser is sent free on the receipt of stamps to pay cost of mailing only. Send 21 one cent stamps for paper covered book, or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

San Francisco Minstrels.

Mr. F. C. Whitney, late of the Al G. Fields minstrels, now with the San Francisco minstrels, will be seen here on Wednesday night, the 24th. This will give our people an opportunity to see this distinguished fun-maker again. Popular prices.

At Columbus, Ohio, suit has been filed to prevent the Neil, Crittenden and the Great Southern Hotel from being sold to the Columbus Hotel Co. It is alleged that there is no such company and that the whole matter is a combination to prevent competition and is a violation of the anti-trust law.

You should know that Foley's Honey and Tar is absolutely the best for all diseases of the throat and lungs. Dealers are authorized to guarantee it to give satisfaction. Accept no substitute.

Sold by F. C. Duerksen, druggist.

To the Public.

The report that I intend to quit the milk business is a mistake. I will continue to supply my patrons with milk in the future as in the past.

Respectfully,

SOCIAL EVENTS.

The ladies of the Christian Church will give a social this evening at the residence of Rev. H. D. Clark. Admission 10 cents. A cordial invitation is extended to all, especially the gentlemen.

Go to the social this evening at the residence of Rev. H. D. Clark.

A Curious Case.

Several years ago Pineville rent her underclothing in the attempt to find enough citizens to be classed as a fourth class city. In 1891 the city was authorized by the Legislature to issue bonds which she did to the amount of \$25,000. The interest was paid for three or four years after which the city defaulted. The bondholders brought suit and the City Council retaliated by cutting down the town limits of the city until all that was left was the Courthouse and the residence of the City Judge.

The bondholders have brought suit to have this ordinance declared invalid on the grounds that it is fraudulent and done with the sole purpose of defrauding the creditors of the city.

To Cure a Cough.

Stop coughing, as it irritates the lungs, and doesn't give them any chance to heal. Foley's Honey and Tar cures without causing a strain in throwing off the phlegm like common cough expectorants.

Up-to-Date.

Last Saturday the Guthrie Clothing Company concluded they would offer the trade some inducements as a manifesto of appreciation of the enormous trade they have been favored with the past year. They therefore made a bargain table consisting of the attractive broken sized articles of the house, and sent out bills, giving notices of same.

It had its effect. The people crowded in all day Monday and seeing the advertisement was no fake, spent their money freely, carrying away many bargains. The proprietors advise us that they had a run, in season, day and that their bargains will continue before the trade from day to day.

In affirming the judgment of the Fayette Circuit Court in the case of A. S. Farley against Mary S. Lavery, the Court of Appeals holds that a transfer company in a city is a common carrier in the same sense that a railroad company is, and as such can be held responsible for goods placed in its care for hauling from one point to another.

DEATHS.

NICKELL.

On Tuesday night of last week at Maytown, Mr. Harve Nickell died in great agony. He leaves a second wife, the daughter of Alex Patrick.

JULIAN.

Chas. Julian, who was killed at Frankfort, was a brother of T. G. Julian, of this city. Henry Quisenberry of Hedge, a cousin of the deceased, attended the funeral.

GARRETT.

On Jan. 10th, Carroll, son of Rev. and Mrs. R. R. Garrett, of Portsmouth, Va., was buried in Carlisle cemetery beside a sister, whose remains were placed there several years ago. Carroll was a nephew of Mr. C. W. Howe, of this city. He came to his death by a fall from which his skull was fractured. The loss of this bright little boy, is a heavy blow to his parents but it was the Master's will that he should be called from earth to glory. The dear parents have the sympathy of their many friends here.

HOWARD.

Miss Martha Howard, aged 38, eldest daughter of the late Press Howard, of near Spencer, this county, died very suddenly at the home of her brother-in-law Wm. Day, in this city Sunday morning. She was on a visit to her old home, having for a number of years made her home with relatives in Missouri.

Will Move to Knoxville.

After a residence in our city of more than 15 years W. F. Hibler and family leave in a few days for their new home at Knoxville, Tenn. Our Mr. Trimble and wife have found shelter in their home for nearly seven years. We regret to lose these excellent people and our best wishes will attend them. We wish for them success and happiness.

ONLY ONE CURE FOR SCURF.

S. S. is the Only Remedy Equal to this Obsolete Disease.

There are dozens of remedies recommended for Scurf, some of them no doubt being able to afford temporary relief, but S. S. is absolutely the only remedy which completely cures it. Scurf is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the so-called purifiers and tonics because something more than a mere tonic is required. S. S. is equal to any blood trouble, and never fails to cure Scurf, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scurf is liable should impress upon those afflicted with it the vital importance of waiting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors must do a dangerous surgical operation is necessary.

Dr. H. E. Thompson, of Millersville, writes: "A case of Scurf broke out on the glands of my neck, and I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began the treatment. My blood remedies were used, but without effect. Some one recommended S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and had never had a sign of the disease to return." Swift's Specific—

S. S. S. FOR THE BLOOD

is the only remedy that can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured. Instead of enduring years of suffering while gradually but surely undermining the constitution, S. S. S. is guaranteed purely vegetable, and never fails to cure Scurf, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetters, Pimples, Sores, Ulcers, etc. Insist upon S. S. S., nothing can take its place. Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.

A NEW WEAPON OF WAR.

The French Mitrailleuse Described—Mounted in Three Different Ways.

The first specimens of the new model of mitrailleuse which is being manufactured at the government arsenal at Puteaux are nearly ready, and in a few weeks' time will be at the disposal of the Alpine corps, which is to be the first regiment to receive them.

The new weapon, which can be easily taken to pieces, is formed of a single barrel served in front of the receiver, the mechanism of which is said to be exceedingly simple. The cartridges are attached to a revolving brass band which is worked automatically, each shot that is fired bringing the next cartridge into position. The cannon is provided with a lock not unlike that of an ordinary rifle, which is steadied in the same way as a rifle but against the shoulder of the artilleryman who is firing. Its total weight without the supports is a trifle over 50 pounds.

Two men are required to fire this mitrailleuse, one to load and the other to point it. It can be fired, however, by one man in case of necessity, though of course at a slower rate. When comparatively careful aim is taken a hundred shots can be fired a minute, but if desired from 500 to 600 shots a minute can be fired. The cannon comprises an apparatus designed to prevent it growing hot. It will be mounted in three different ways, according as it is intended for use in naval warfare, in mountainous districts or for ordinary field firing. In this latter case it is provided with shields to protect those working it against rifle fire.—Fall Mail Gazette.

A Hint for Travelers.

In his prime the late Mr. John Cook, chief tourist agent, was a man of iron frame. But when years of railroad traveling, which averaged annually some 40,000 miles, produced certain alarming symptoms, he made a discovery that may be worth giving to the public. He found that the threatened trouble, something spinal, disappeared when he lay down with his back to the engine. He is always thereafter faced it, and that the principle is sound will be borne out by others whom he advised to do the same. All who are called upon to do much railroad traveling will be wise to sit "facing the horses."

Danger Signals

Do you take cold with every change in the weather? Does your throat feel raw? And do sharp pains dart through your chest?

Don't you know these are danger signals which point to pneumonia, bronchitis, or consumption itself?

If you are stiff and have lost flesh lately, they are certainly danger signals. The question for you to decide is, "Have I the vitality to throw off these diseases?"

Don't wait to try SCOTT'S EMULSION "as a last resort." There is no remedy equal to it for fortifying the system. Prevention is easy.

Scott's Emulsion

prevents consumption and hosts of other diseases which attack the weak and those with poor blood.

SCOTT'S EMULSION is the one standard remedy for inflamed throats and lungs, for colds, bronchitis and consumption. It is a food medicine of remarkable power. A food, because it nourishes the body; and a medicine, because it corrects diseased conditions.

KEEPING

An Important Matter—The Senate To the State V.

Frankfort, Ky., Jan. 19.—Voices of Kentucky introduced an important measure in the senate. It provides for the payment of the large taxes now paid in New York and other states on the millions of dollars' worth of whisky and other Kentucky property now insured in the east.

Other bills introduced in the senate were: To prevent wasting of gas or oil; enabling Kentucky insurance companies to make investments outside the state; requiring citizens of towns of the sixth class to keep up streets and roads as county roads are now kept up; to prevent the importation into the state of indigent children from other states; to revise and make uniform the laws concerning the building and repairing of bridges or other forms of timber, and providing punishment for misdemeanors relating to the same.

The house passed a few bills and put in the rest of the session in wrangling over resolutions. Mr. Hays (rep.) offered resolutions and resolutions providing for the removal of Representatives Hickman, Rennie, Lyon and Finn from the senate. The resolutions were made by Gov. Taylor and Lieut. Gov. Marshall, and set forth the same. The resolutions were made in the senate last Monday. No action was taken.

ONE SIDE HEARD.

Evidence in Behalf of Goebel and Beckham in the Federalist Contest Has Been Presented.

Frankfort, Ky., Jan. 19.—The hearing of evidence in chief on behalf of Goebel and Beckham, the democratic contestants for governor and lieutenant governor, before the joint legislative contest board, was completed and the hearing of evidence for Gov. Taylor and Lieut. Gov. Marshall will now begin. They have five days set apart to them after which Goebel and Beckham will have one day in rebuttal.

Not more than 50 witnesses testified on the side of the contestants. The witnesses at the last session were mainly from Louisville and the principal evidence was in regard to the alleged military interference there.

Railroad Bridge Sold.

Louisville, Ky., Jan. 19.—The Kentucky and Indiana bridge was sold here, the Southern Railway Co. and the Baltimore & Northwestern jointly purchased the bridge at the upset price of \$700,000. A million dollar mortgage goes with the bridge, making the purchase price really \$1,700,000. The K. & I. bridge crosses the Ohio between this city and New Albany, Ind. The K. & I. Co. has 16 miles of terminal line in this city and New Albany and has been in the hands of a receiver since 1903.

Had a Presentation of Death.

Louisville, Ky., Jan. 19.—Alex. Hussey, a farmer living near Caneyville, Grayson county, visiting a sister here, had a presentation of death, and deposited \$100 in a bank as an emergency burial fund. His sister found him dead in bed the next morning. Heart disease.

The Sayre Estate Appraised.

Lexington, Ky., Jan. 19.—The appraisers of the estate of E. D. Sayre, the late president of the Kentucky bankers' association, filed an inventory which places the valuation at \$174,706.40.

Can't Stop Hiccoughing.

Danville, Ky., Jan. 19.—C. G. Jackson, an attorney of this place, has been hiccoughing since Tuesday of last week and physicians are unable to give him any relief. He is not expected to recover.

Cattle Thieves Sentenced.

Danville, Ky., Jan. 19.—George Prentiss and J. S. Huddleston, of Junction City, pleaded guilty to stealing cattle from farmers and selling them to butchers, and were given 18 month sentences.

Alarm Over Smallpox.

Mayfield, Ky., Jan. 19.—Three new cases of smallpox have been discovered, making a total of five cases, all confined to the negro population. Much alarm is felt.

Working on a New Bridge.

Will Advance Price of Tobacco.

Raleigh, N. C., Jan. 19.—The North Carolina tobacco growers' convention passed a resolution to raise the price to 15¢ per lb. for the year 1910. This is a 15¢ advance. All the 30 principal tobacco growing counties of the state were represented by delegates in the convention and a number of representatives were here from Virginia. An effort is being made to arrange a joint convention with North Carolina, South Carolina and Virginia tobacco men with a view to securing the cooperation of all tobacco growers in the three states.

SPECIAL ELECTION.
 There appears in special election, an order for \$100 people to seriously consider their votes pro and for casting the people vote. The school law, then instead of school being under a board of trustees selected from the people, the conducting of the school would be by the Board of Council of Mt. Sterling and the white and black would have a voice in each of their schools. The employing of Superintendent and teachers would become city patronage to be dealt out by the party in power, and the jobbery thereby may secure partisan teachers with little consideration of fitness. Again, it would require 20 percent additional tax to secure no better school than what we now have. Consider well before voting.

A PICTURE.
 The action of W. S. Taylor, Governor protem, and others of like faith, in their meeting in Louisville for the purpose of declaring and entering into covenant as to what they would do in the event it should turn out from the evidence that Taylor is not Governor of Kentucky and should be directed by the ordained authorities to vacate, brings vividly to our mind a picture we saw not many days hence. A negro was in the bogs of Florida. He was brave, what he would do for lizards, serpents, alligators, and the like would be a sight. A banjo was his companion; he sang, talked and picked what banjo until he was lost to all surroundings. Coming to himself he saw alligators. They were a holy terror. Down on his knees that negro went and opportunity affording he sought relief in flight. See? The people need no have no fears so long as they deal honestly with fraud. The moment the Legislature passes on the contest, be it on the side of the Republicans or Democrats, would be sufficient. The military may be called but to contend against right and law is far different.

For the man who thoughtlessly or willfully gets in trouble we have the profoundest sympathy, but for crimes committed in either state of mind there is a sentiment which demands retribution. Colson and Scott each knew the probable result from a combat with guns in a crowded hotel lobby, that some one would be killed and then in the face of this knowledge to so engage and kill is nothing short of willful murder and it matters not who the participants may be, whether a general in the army or a common tramp, a just punishment awaits him.

Last week in Winchester a prominent business man said to us that an agent for capitalists in the East was in Kentucky considering the purchase of southern timber land, that his company had thought of making improvements in Kentucky, but that now they would not place a dollar here. They were suspicious of a state where such political disturbances exist. Probably they heard of Gov. Bradley's military intimidation in Louisville.

We are in receipt of a letter from the venerable J. M. Mase, of Marshall, Ky., enclosing a subscription money for that we write more and ask Facts and Observations in reading them. Please accept our thanks for his words of appreciation. In this issue will be found Facts and Observations.

We are in receipt of another letter for a gentleman who owes for more than two years, who asks that we stop his paper as he does not receive it more than half the time. The fault is not ours. His paper is in the same package with several others. If a subscriber in areas wishes to discontinue we notify him of amount due and comply with his request when he pays.

KENTUCKY LEAF.
 The merchants of this city can make the "Kentucky Leaf" Tobacco Company one of the leading enterprises of the State by pushing their home production. Will they do it? The men comprising the firm is a guarantee that it is a success, but outside aid makes things boom quickly and adds materially to every man's business. Every dealer who has tried the "Kentucky Leaf" sticks to it. It is a seller and it would be long at the present increase in business until the pay roll of the firm will be one of the big things of Kentucky.

What do you think of Gov. Taylor pardoning those "innocent" men in Frankfort and expressing his assurance that they were not armed, since the fact has developed that the pistols of those innocents were then in court.

MILLIONS IN A COMBINE.

Greatest of all Trusts is the Money Trust.—All Classes Must Bow.

WOULD RULE THE WORLD.

Never in history, says the New York Journal, has any group of men had power so vast and terrible as that of the coteries which have just been introduced to civilization—the Money Trust.

John D. Rockefeller, with a private fortune last estimated at \$915,000,000; his brother and son, Isidor and Men of genius in the direction of the massive machinery of a thousand millions of dollars in money, have the strength, the knowledge, and above all, the courage to proclaim his ownership to all the fortunes in the world.

Small men and great alike must bend the knee in the new temple of Rimmon. The means to crush as well as the ability to prosper, make the fear of the Trust to the remembrance of each citizen, no matter his enterprise, and the favor of its count to be secured.

Through control of a banking system extending in every corner of America, and grasping the great nerve centers of credit in the old world, these men can wreck those of fortune in a panic, and blast the property of the whole land and cripple Europe; or they can create, if it pleases them better, a boom in speculation and enterprise.

To give or withhold happiness! No king or emperor, no Council of Ten, no triumphant of Rome or Conqueror of Asia held these supreme attributes in the hollow of a hand. The men in the trust who exert this power, with their gigantic fortunes, are: John D. Rockefeller, \$915,000,000; Wm. T. Wardwell, 100,000,000; Wm. Rockefeller, 100,000,000; Henry H. Rogers, 50,000,000; Oliver H. Payne, 35,000,000; James Stillman, 20,000,000; S. C. T. Dodd, 15,000,000; John S. Flagler, 50,000,000; John D. Archbold, 50,000,000.

Each of these has his particular talent. All, or most of them, finding that control of the product of petroleum and the marketing of it yields a constant increase of millions, have invested profits in many other enterprises which they control and make productive more millions. They manage a constantly growing capital, which involves, constantly increasing cares and responsibilities.

John D. Rockefeller is the nucleus of these secretions. He expressed a wish not long ago that he could find a man who would take out of his hands the labor involved by his riches.

"I would pay him a million dollars a year," said the weary Midas. He has given away more than \$30,000,000 in benevolence and for education. Clearly it is not his genius that makes the Money Trust a fact.

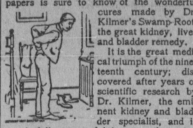

Forty years ago one would find John D. Rockefeller a hundred dollars. He was born in Tigns county July 8, 1839. A farmer's son, he made his first dollar out of chickens. At fourteen he moved with his family to Cleveland. He worked there for \$4 per week. When, as his salary grew, he had saved \$1,000, he went into the commission business.

It was in his early twenties that he got into the oil refining business. The Standard Oil Company, which grew in his hands, reduces oil and sells it all of it—that America yields.

He expects to own a billion dollars if he lives to his reasonable expectation of life.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kline's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kline, the eminent kidney and bladder specialist, and wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kline's Swamp-Root is not recommended for everything, but you have kidney, liver or bladder trouble it will be found the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase the remedy, that it is a fact, a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. (When writing mention reading this generous offer in this paper and send your address to Dr. Kline & Co., Ltd., 1230 N. 10th St., Philadelphia, Pa., and a regular fifty cent and Home of Swamp-Root, all sizes are sold by all good druggists.

UPUSUAL FRIZES.

Curious frizes and dadas add much to the interest of a study or boudoir. Silhouettes framed in narrow black frames are effective, and portraits of beauties in oval gilt frames make charming frizes for a dainty boudoir.

Poster frizes and dadas are extremely pretty if well arranged, and they seem to shine out with special effect when the wall is covered with burlap or cartridge paper. A certain famous man who revels in his own make-up looks back upon his struggles with grim enjoyment he has papered the walls of his study with little leaflets bearing the "thanks and regrets" of innumerable publishers. Mme. Chirigine Nilsson has two rooms in her house, in one of which the walls are papered with leaves of music taken from the operas in which the great soprano has appeared, while the walls of the other are covered with the receipted bills of covered dinners partaken of by her in various famous hotels.

An anecdote unknown to fame has the walls of his smoking-room covered with newspaper criticisms. Those that are of an adverse nature are framed in blue, while those of the laudatory character are bordered in red. It is said to relate that the blue predominates in that room, although most of the latter "notices" are framed in the brighter hue. Stamps make rather good frizes when arranged with some regard to color, and the pale pink, blue and mauve French stamps are particularly pretty and make a pleasant contrast to the brighter colors. American, Italian and German stamps. One stamp collector has papered the walls of his room with stamps of all countries and has then had sheets of glass placed over the most valuable "groups." Playing cards, theater passes bearing the signatures of well-known actors or managers, theatrical programmes, dancing orders and autographs have all been used for wall decorations.—N. Y. Commercial Traveler.

The "How Boy Preacher," Rev. J. Kirkman, Belle River, Ill., says, "After suffering from Bronchial or Lung trouble for ten years, I was cured by One Minute Cough Cure. It is all that is claimed for it and more." It cures coughs, colds, grippe and all throat and lung troubles.

ENTERTAINMENT

To Be Given By Home Talent Under the Auspices of the Macabees of this City.

The benefit performance tendered to the Mt. Sterling Tent of the Macabees, by our leading amateurs, will take place at the opera house, on Tuesday, Jan. 30. A very attractive bill has been prepared and will include an extremely funny farce-comedy, entitled "An Awful Night." Between the acts specialties will be introduced by local and Lexington amateurs.

Immediately after the last act, there will be a "Cake Walk" which will be participated in by some of the up-to-date cake walkers of this and neighbor towns.

The entertainment promises to be one of the most successful held in Mt. Sterling for some time past. The rehearsals, under the direction of Mr. David Davis, formerly of The Three Musketeers Co., have been long and thorough and the ladies and gentlemen engaged in the performance, show the greatest interest in their work.

Tickets can be had from the Macabees and from R. H. White & Co's drug store. Prices 25, 35 and 50 cents.

Fire.

The tobacco barn of Mrs. Martha Dennis burned at Howard's Mill last week. It was filled with tobacco, the property of Henry Bros., of that place.

In the East childlessness is considered a curse from the gods. It is a pathetic sight to see some childless Hindu mother promise before an idol, imploring that the curse of childlessness may be taken away.

Are we much wiser than the heathens? Thousands of childless women are not as they suppose. Nature's ban, but are suffering from a diseased condition of the delicate feminine organs. It is the debilitating drain or female weakness, and perhaps an ulcerated and inflamed condition of the pelvis. In any case the diseased condition must be removed and a healthy condition established before the maternal function can be fulfilled.

Many a mother acknowledges her debt to Dr. Pierce's Favorite Prescription, and to its inventor Dr. R. V. Pierce of Buffalo, N. Y., who invites the sick to write and consult him without charge. "Favorite Prescription" promptly allays irritation, heals ulceration, checks the debilitating drain, cures female weakness and the accompanying bearing down pains. It gives vitality and elasticity to the organs, restores the normal conditions which make for the easy birth of healthy children.

Andrews Opera Co.

Thursday evening, January 25 the walls of the Grand Opera House will resound with the lays of standard opera, presented by the celebrated Andrews Opera Co. The appearance of this attraction here has excited considerable comment as the subscription sale is assuming astonishing proportions. It is rarely that such a high-class coterie of artists can be induced to present standard opera outside the larger cities, and the opportunity of attending this company's presentation should be taken advantage of by all admirers of the better class of musical productions. Among the cast of the Andrews Opera Co. are several singers of more than ordinary note.

In the matter of equipment this company is not surpassed by any organization of its kind. Martha, Cavalleria, Rusticana, Pirates of Penzance, and Carmen are the operas in hand.

Miss Annie E. Gunning, Tyro, Mich says, "I suffered a long time with dyspepsia, flatulency and became very weak. Kodol Dyspepsia Cure completely cured me." It digests what you eat and cures all forms of stomach trouble. It never fails to give immediate relief in the worst cases.

NEWS IN KENTUCKY.

INDICTED FOR MURDER.

Col. Colson held for the killing of Mitchell D. Scott at Frankfort by the Grand Jury.

Frankfort, Ky., Jan. 22.—The grand jury investigating the Colson-Scott tragedy in the Capitol hotel made a report, including Col. Colson on two counts for willful murder and on two counts for carrying concealed weapons. The first two indictments charge him with murder in the following language:

"The said David G. Colson in the county of Franklin, on the 16th day of January, 1900, and before the reading of the indictment, did unlawfully, wilfully, feloniously, of his malice aforethought, with intent to kill, with a pistol, a deadly weapon loaded with powder and leaden ball, shoot, wound, kill and murder one Mitchell D. Scott."

The grand jury asked for further time to investigate. Other witnesses will be examined, and a view taken ascertaining whether Colson or Scott killed Charley Julian and wounded Ray McLean.

Colson's condition is somewhat improved, and fears as to his losing the wounded arm are no longer entertained by his physicians. The news of the indictments was carried to him at once, but he manifested no surprise, as it was understood that he had expected the complaint that he would be made.

Golden Growing Better. Louisville, Ky., Jan. 22.—The condition of Capt. Ben Golden, who was shot in the Capitol hotel duel at Frankfort, shows steady improvement and his physicians believe his recovery now seems to be certain. They will not permit him to see any one or to say anything. As soon as his condition will permit they will begin to prepare for the ball which lodged near his spine.

Did Not Die of Smallpox. Owensboro, Ky., Jan. 22.—The result of the autopsy on the remains of Charles Bailey, reported as having died on January 9 of smallpox, resulting in the coroner's jury for the verdict to the effect that Bailey came to his death by wounds inflicted on his head with some blunt instrument. There were four wounds on Bailey's head, Jim Nichols, Felix Nichols and Richard Hathaway are held in jail charged with Bailey's murder.

Two of His Sons Hanged. Beckonsville, Ky., Jan. 22.—Uncle Allen Hall, aged 93, a mountain pioneer, is dead at his old home near Baver. He was the father of the late John Hall, the celebrated Kentucky outlaw, who killed 19 men in his day. He was 19 when he was shot in 1822. He was also the father of Henry Hall, who killed his uncle, Charlie Hall, and who was hanged at Pikeville, Ky., in 1893.

Drank Carbolic Acid. Louisville, Ky., Jan. 22.—Harry Vowels committed suicide by drinking carbolic acid. He went to the home of Charles Fields, thirty-seven years old, and, walking up on the porch, drank the deadly draught and died before assistance could reach him. It is said he was in love with a sister of Fields.

No Right of Removal. Scottsville, Ky., Jan. 22.—The court in the suit of J. C. Waygal, who sued the town of Scottsville for the office of city marshal, from which he was removed several months ago by the town trustees for alleged malfeasance in office, ruled that while the trustees had acted in good faith, they had no legal right to remove Waygal from an elective office.

Bloodied in His Heart. Dublin, Ind., Jan. 22.—Chas. Sioner, aged 67, while in the act of dressing, fell over dead. His parents thought the boy might be poisoned and had an examination made, which developed that a blood-clot had formed in the arteries of the heart. His physicians say the case has no parallel in medical history.

Hill Carrier Murdered. Mayfield, Ky., Jan. 22.—Sam Briggs, one-legged hill carrier living in this place, was murdered in the post office at Boydsville, 30 miles south of here, by Ed Bruce. Bruce claimed that Briggs had insulted his wife, but this is denied by Briggs's friends. Bruce is still at large.

Kentucky Labor Unions Organized. Louisville, Ky., Jan. 22.—In response to a call by James McHenry, president of the Central Labor Union of this city, all of the miners of the state will meet in a convention at Louisville for the purpose of forming a state federation of labor.

Judge Petrie Dead. Elkhart, Ky., Jan. 22.—Judge H. O. Petrie, the veteran judge of Elkhart and lawyer, died here, aged 80 years. He was a republican and was once state senator and was a member of the constitutional convention. He leaves a handsome estate.

Dead in the Courthouse. Carrollton, Ky., Jan. 22.—Frank McLean was found dead in the jailhouse at the court house. He had evidently gone in during the night, and in attempting to go upstairs had fallen to the marble floor and sustained fatal injuries.

Superintendent Gooley Dead. Louisville, Ky., Jan. 22.—Dr. Levin E. Gooley, superintendent of the penitentiary at the insane at Leland, died of heart disease. He was a native of Newcastle, Henry county, and was 62 years of age.

CONGRESS WORK.

Forecast of the Proceedings of Both the House and Senate for the Week.

ROBERTS' CASE TO BE DISPOSED OF.

Three Days Likely to Be Consumed in Speech Making Before a Vote is Reached.

He Will Not Be Permitted to Sit in Congress—Quay's Contest Case to Be Brought Up in the Senate.

Washington, Jan. 22.—The feature of the proceedings in the house this week will be the consideration of the case of Brigham H. Roberts, the Mormon representative-elect from Utah. The case has attracted intense interest and the country. Though both the majority and minority of the committee which investigated the case agree that Mr. Roberts should not sit as a member of the house on account of alleged polygamous practices, there will be a struggle over the question of procedure, upon which the committee has split.

The case will be called up on Tuesday, and two, possibly three, days will be devoted to it. The majority of the committee holds that Mr. Roberts should be excluded, while the minority contends that he be seated and then expelled, basing their argument for this course upon the ground that Mr. Roberts possesses all the constitutional qualifications for membership, and that any attempt to exclude him upon the theory that congress has

power, and, as this contest is a privileged question, it is not likely to receive early attention. Senator Penrose, who is in charge of Mr. Quay's case, says he will ask that the contest be pressed to an early decision in the senate. The Samson treaty will also be taken up again in executive session on the motion of Senator Jones, of Arkansas, to reconsider the vote by which it was ratified. The treaty has been already returned to the senate by the president to await the presentation of the Arkansas senator's motion.

INTER-FAMILY ROW.

Three Italians in New York City Shot to Death by Three Members of Another Italian Family.

New York, Jan. 22.—Three Italians of one home were shot to death in an inter-family row which began in an Italian tenement house on East 11th street, and ended in one of the worst Sunday brawls the east side has seen for some time.

Antonio Colletti, 37 years of age, married, was shot through the lung and died in his tracks. Caesar Colletti, 19 years of age, his brother, was shot in the breast and died shortly after being taken to a hospital; and David Salvatore, 40 years of age, a cousin of the Colletti, was shot in the stomach and died in the hospital a few hours afterward.

Vincenzo Spinella and his son Frank, 17 years of age, have been arrested and charged with the murder, and the police are still searching for Frank Spinella, brother of Vincenzo, who also played a part in the tragedy.

Half Brothers Lynched. Ft. Scott, Kan., Jan. 22.—Geo. Silbee and Ed Meeks, half brothers, who were convicted of murder here last week, were lynched by a mob in the county jail yard here.

the power to add to those qualifications would establish a dangerous precedent that might return to Congress the question of the majority of the committee on the other hand are confident that they will be backed by a majority of the house. Mr. Roberts expected to make a strong fight and say he believed he could convince a majority of the house that the course they advocate is the proper one to pursue. The majority of the committee on the other hand are confident that they will be backed by a majority of the house. Mr. Roberts expected to make a strong fight and say he believed he could convince a majority of the house that the course they advocate is the proper one to pursue.

Friday will be devoted to eulogies upon the life and public services of the late Vice President Hobart.

The senate again this week will devote itself almost exclusively to speech making. A variety of subjects will be covered. The financial bill will remain the unfinished business, but the senate will not be held strictly to its consideration. Several set speeches probably will be made upon it among those which are expected to speak being Senators Cockrell, Daniel and Allen. No announcement has yet been made of speeches on the affirmative side of the measure, but now that a day has been fixed for a vote it may be expected that some of the friends of the bill will speak in its defense.

The first speech of the week will be made immediately after the close of the routine business by Senator Pritchard on his resolution declaring the proposed amendments to the constitution of North Carolina to be in contravention of the federal constitution. He will be followed by Senator Turner in a prepared speech on the Philippine question. Tuesday Mr. Ross will address the senate on the application of the constitution of the United States to Porto Rico and the Philippine archipelago. He will be followed on the same date by Mr. McHenry with a speech on the North Carolina constitutional question.

The two reports on the Quay contest will be presented early in the week, and, as this contest is a privileged question, it is not likely to receive early attention.

EARTHQUAKE IN MEXICO.

It Was First Felt Along the Pacific Coast, and Travelers Felt the Country Eastward.

Colima, Mex., Jan. 22.—An earthquake shock began here at a quarter before midnight Friday and assumed serious proportions at Tenimata, many houses being badly injured and a light construction wrecked. There was great consternation and people rushed into the streets, some barely escaping with their lives. Seven people were killed outright and 60 were wounded and are being cared for by the local surgeons. It was reported that the volcano had burst into eruption but it now appears that the phenomenon was confined to subterranean manifestations. Local scientific men believe that the earthquake traveled from under the Pacific ocean and that when news reaches here from the coast there will be interesting details. The governor of this state has appointed a commission to inspect the churches and public edifices, while owners of houses injured in the earthquake will be compelled to put them in condition of security. Quiet has returned.

Repetition of Shocks Feared.

Gundalajara, Mex., Jan. 22.—At midnight Friday an earthquake shock cracked the acies and staircase of the state palace and porticoes of the university and the Degalada theater, the latter one of the most massive structures here. The church of San Francisco and San Jose were badly damaged and news from Zapotlan and Sarula state that several houses were demolished. The shock was felt severely at San Luis, on the Pacific, and no less underground were heard rumbling the hoarse rumbling of the earth. A seismologist at San Francisco predicts a repetition of the shocks.

Light at Vera Cruz.

Vera Cruz, Mex., Jan. 22.—The earthquake traveled across the country, reaching here just at midnight Saturday morning. The shock was comparatively light here.

Our Glorious Country!

The Land of the Free and the Home of the Brave.

Have You Watched Its Marvelous Growth? If Not, The Weekly Enquirer Wants You to Study the Strides It Has Made.

Wants, also, that You Should Become a Participant in Its Profits.

The census of 1900 will be taken in June next. Under the law of Congress the returns from cities of over 8,000 must be taken and completed within two weeks from the first day of June, 1900. All other returns are to be made by the first of July, 1900. The returns will then be sent to the Director of the Census in Washington, D. C., to be counted. The count of the population will then begin and will be rushed to a completion as fast as more than a thousand clerks, using electric adding machines, can do the work. In order to fix the public mind on the growth of our glorious land THE WEEKLY ENQUIRER offers inducement to subscribers to participate in a problem of mathematics.

The first census of the United States was taken in 1790. Since then it has been taken every succeeding ten years. The result of the population of each census has been as follows:

Year.	Population.	Year.	Population.	Year.	Population.
1810 . . .	7,239,881	1840 . . .	17,069,453	1870 . . .	38,558,371
1820 . . .	9,633,822	1850 . . .	23,191,875	1880 . . .	50,155,784
1830 . . .	12,866,020	1860 . . .	31,443,321	1890 . . .	62,622,590

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions, but the total of the following States and Territories and the District of Columbia, viz.:

ALABAMA,	KANSAS,	NEVADA,	TENNESSEE,
ARKANSAS,	KENTUCKY,	NEW HAMPSHIRE,	TEXAS,
CALIFORNIA,	LOUISIANA,	NEW JERSEY,	UTAH,
COLORADO,	MAINE,	NEW YORK,	VERMONT,
CONNECTICUT,	MARYLAND,	NORTH CAROLINA,	VIRGINIA,
DELAWARE,	MASSACHUSETTS,	NORTH DAKOTA,	WEST VIRGINIA,
FLORIDA,	MICHIGAN,	OHIO,	WISCONSIN,
GEORGIA,	MINNESOTA,	OREGON,	WYOMING,
IDaho,	MISSISSIPPI,	PENNSYLVANIA,	ARIZONA TER.,
ILLINOIS,	MISSOURI,	RHODE ISLAND,	NEW MEXICO TER.,
INDIANA,	MONTANA,	SOUTH CAROLINA,	OKLAHOMA TER. and
IOWA,	NEBRASKA,	SOUTH DAKOTA,	DISTRICT OF COLUMBIA.

According to the census of 1900? We want you to get out your pencils and slates and solve the problem. Of course it is not the expectation that any of THE WEEKLY ENQUIRER subscribers can accurately determine what the United States census on above proposition should be accompanied by a year's subscription to THE WEEKLY ENQUIRER.

You can guess as often as you care to include subscription price to THE WEEKLY ENQUIRER. This contest will close a month before the result of the census of the population of the States and Territories heretofore named will be known and officially certified by the Director of the United States Census at Washington, D. C. THE ENQUIRER will give a month's advance notice of the date when all guesses will be stopped.

To the First Nearest Correct Guess Received . . .	\$3,000.00
To the Second . . .	1,500.00
To the Third . . .	750.00
To the Fourth . . .	500.00
To the Fifth . . .	250.00
To the Sixth . . .	200.00
To the Seventh . . .	150.00
To the next 10, each \$100, amounting to . . .	1,000.00
To the next 50, each \$50, amounting to . . .	2,500.00
To the next 100, each \$25, amounting to . . .	2,500.00
To the next 500, each \$10, amounting to . . .	5,000.00
To the next 1,530, each \$5, amounting to . . .	7,650.00
Total Number of Prizes, 2,157, amounting to . . .	\$25,000.00

In case of a tie, the prizes are to be equally divided. Those who guess on above proposition should be accompanied by a year's subscription to THE WEEKLY ENQUIRER. You can guess as often as you care to include subscription price to THE WEEKLY ENQUIRER. This contest will close a month before the result of the census of the population of the States and Territories heretofore named will be known and officially certified by the Director of the United States Census at Washington, D. It's up to the People.

Less than a year remains in which to gather facts, and information that will influence your vote for the next president of the United States. That grievous wrongs have been committed, and grave errors allowed to exist without effort at correction, is evidenced by the speech, writings, and comments of eminent statesmen and jurists; congressmen and leading men of business; professors and clergymen in every state.

Party affiliations have been ignored in the outcry against trusting aside the safeguards of our fathers and rushing pell-mell into the affairs of Europe. The situation is a deplorable one, if not alarming; as is also our domestic affairs dominated by gigantic trusts. The evils are not of spontaneous growth! They are the result of years of labor and expenditure of millions of dollars! Beginning with the displacement of American silver for English gold, the cunning of England's diplomacy in shaping the destiny of our Republic is apparent to any ordinary observer seeking the true inwardness of events.

The Cincinnati Enquirer has frequently called attention to each and every move as it was transpiring, and during the campaign of 1900 will present its readers with a truthful array of facts that will be extremely interesting and startling.

No fair-minded American, be he Republican, Democrat or of other political faith, can afford at this critical time to ignore the truth. Partisan prejudice, with the trusts as dictators, is a far more degrading slavery than that which existed previous to the Civil War of '64.

Trusts in the United States alone have a representative capital greater than all the gold and silver in the world. These will spend many more millions of dollars to suppress truth and facts and mislead all who fail to look beyond their plausible deceptions. Read the Enquirer and you will be able to discern the truth and combat falsehood. A victory for Trusts and the McKinley Administration in 1900 will end the era of greatest good to the greatest number. Watch carefully! Cincinnati Enquirer.

Ager's Hair Vigor

What does it do?
It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended.

It releases the scalp from dandruff and thus removes one of the great causes of baldness.

It makes a better circulation in the scalp and stops the hair from coming out.
It Prevents and it Cures Baldness

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.

Would you like a copy of our book on the Hair and Scalp? It is free.

If you do not obtain all the benefits you deserve from the Vigor, write the Doctor about it.
Address, J. C. AYER, Lowell, Mass.

Candy-Pull Christianity.

San MacLaren is rather severe on what he calls "candy-pull" methods of Christianity. He sees abundant evidences that we are deteriorating along religious lines, and that convictions are not so real or so deep as in the days of our Puritan ancestors. "There is, doubtless, a great deal of truth in Dr. Watson's contention. The modern church does resort too much to oyster suppers, fairs and entertainments for the support of the gospel and the spread of missions. If Christians were more spiritual, church methods would be less costly, and consecrated giving would preclude the necessity of enlisting the oyster in the financial affairs of the kingdom, and place the burden of church support so largely on the individual's shoulders."

We believe that entertainments and socials have their legitimate functions in church life. Indeed, we believe they are a stern necessity to the existence of some churches as now constituted. We have no doubt that the "kitchen" is a wise provision in the equipment of a modern church, and that church suppers are very excellent and beneficial affairs. But we are equally confident that it would be far more honest and honorable in us to support the church by direct, systematic and proportionate giving, rather than resort to the catch-penny and vicarious methods so universally in vogue. If Christians gave as God prospers them, there would be no dearth of means for church support.—The Inland.
